**MORNING HYMN**

**Lift Him Up**

How to reach the masses, men of ev’ry birth,
For an answer Jesus gave the key: “And I, if I be lifted up from the earth, Will draw all men unto Me.”

Oh! the world is hungry for the Living Bread,
Lift the Savior up for them to see; Trust Him, and do not doubt the words that He said, “I’ll draw all men unto Me.”

Don’t exalt the preacher, don’t exalt the pew,
Praise the Gospel simple, full and free; Prove Him and you will find that promise is true, “I’ll draw all men unto Me.”

Lift Him up by living as a Christian ought,
Let the world in you the Savior see; Then men will gladly follow Him who once taught, “I’ll draw all men unto Me.”

Chorus

Lift Him up Lift Him up, Still He speaks from eternity:
“And I, if I be lifted up from the earth Will draw all men unto Me.”

**You Might Be a Special Match for a Patient in Need!**

There are many rare blood types: The majority of blood types fall into one of the following type categories: A, B, AB and O. But for a small part of the population, finding someone else with the same blood type can be as difficult as looking for a needle in a haystack.

Rare blood types can be specific to race:
Red blood cells carry markers called antigens on their surface that determine one’s blood type. There are more than 600 known antigens besides A and B. Certain blood types are unique to specific racial and ethnic groups.

The best blood match for patients often comes from donors of similar race or ethnicity:
When blood is closely matched between the donor and the patient, the patients are at a lower risk of developing complications from ongoing blood transfusions. It is extremely important to increase the number of blood donors from all racial and ethnic groups. When you check your race, you help the Red Cross better search for rare blood types to best meet the needs of patients of all backgrounds.

To Quana Atkins who received the Mizou 18 award. This award recognized 18 graduates and professional students in their last year at Mizzou. Chosen for their world-class research, collaboration with faculty, staff and their demonstrated leadership with undergraduate students, the honorees represent a variety of majors, activities and organizations from across the campus.
